

Hospital Chart No (Class)

Organization	Field Name	ID	Required
KCR	Hospital Chart No (Class) (LChartNum)	40040	no
NAACCR	Medical Record Number	2300	no

Field Length: 15

This field records the patient's medical record number at the reporting facility. It is stored with the patient's class history. A patient record which is associated with multiple facilities may thus have a unique medical record number corresponding to each facility.
