

# ICDO Version

Organization	Field Name	ID	Required
KCR	ICDO Version (ICDOVer)	30060	yes

Field Length: 1

Enter the appropriate code for the version of ICD-O which was used to determine the topography and morphology codes entered in items 32 and 33.

Code	Description
1	ICD-O, 1st edition (1976)
F	ICD-O, Field Trial edition (1988)
2	ICD-O, 2nd Edition (1990)
3	ICD-O, 3rd Edition (2001)

All cases diagnosed before January 1, 2001 should be coded with the ICD-O, 2nd edition used to determine the topography and morphology codes.

All cases diagnosed on or after January 1, 2001 should be coded 3, with the 3rd edition used to determine the topography and morphology codes.

In the computerized record, all cases will have the ICD-O-3 topography, histology and behavior codes stored. Cases diagnosed prior to 2001 will have the ICD-O-2 histology and behavior codes stored as well.

See also "ICD-O-3 Errata and Clarifications" in [APPENDIX J](#), to be used when abstracting cases diagnosed after January 1, 2001.
