

Radiation Site 1

Organization	Field Name	ID	Required
KCR	Radiation Site 1 (RadSite1)	50150	no
KCR	Radiation Site 2 (RadSite2)	50160	no
KCR	Radiation Site 3 (RadSite3)	50170	no

Field Length: 2 (x3)

When the treatment type is R, record a two digit code for up to three sites to which radiotherapy was directed. Use the General Sites Dictionary in [Appendix E](#). When more than three sites are indicated, enter the code for the three most definitive sites, coding the primary site of the cancer in the first set of boxes.

Precede any single digit codes with a zero.
